GREAT FALLS SEARCH — A large helicopter from Andrews Air Force Base passes between the rocky walls of the Potomac River below Great Falls in a vain search for the body of James A. Woodbury, 32, of Arlington. Mr. Woodbury, a

CIA employe, and his wife, Dorothy, apparently jumped into the river above the falls about 2 p.m. Saturday in a suicide attempt. Mrs. Woodbury, who survived a trip through the Falls, is in Washington Hospital Center today.
